

Empathy Map Canvas – ShopEZ

Project Name: ShopEZ – MERN Stack E-Commerce Application

Date: 17 June 2026

Think & Feel

- Wants a fast and smooth shopping experience.
- Expects secure online payments.
- Looks for genuine product reviews.
- Wants quick delivery and affordable prices.

Hear

- Recommendations from friends and family.
- Influencer reviews and social media promotions.
- Customer feedback and ratings.
- Advertisements about discounts and offers.

See

- Multiple e-commerce platforms.
- Product advertisements on social media.
- Product ratings, reviews, and recommendations.
- Various payment and delivery options.

Say & Do

- Searches for products online.
- Compares prices and reviews.
- Adds products to cart.
- Places orders and tracks deliveries.
- Shares feedback and ratings.

Pain

- Difficult product search.
- Slow website performance.
- Complicated checkout process.

- Delivery delays.
- Security concerns during payment.

Gain

- Easy product discovery.
- Secure transactions.
- Fast checkout experience.
- Convenient order tracking.
- Time and cost savings.

Conclusion

The empathy map helps understand the needs, challenges, and expectations of online shoppers and assists in designing a user-friendly e-commerce platform that delivers a seamless shopping experience.
